KEMMLIT For every demand

As market leader for washroom cubicles, KEMMLIT offer a variety of high class solutions ranging from cubicles and lockers to entire washrooms. Everything we do is based on a clear commitment to the highest quality regarding products, our consulting service and installation.

What sets us apart is qualified know-how, state-of-the-art manufacturing and innovative design. For these reasons we have received numerous prizes and awards within the last few years.

What can we do for you?

1 MAXIMUM SAFETY

Well thought-out details at all critical points reliably eliminate any injury hazards. From rounded edges which protect against trapping a finger, to use of certified materials and designs. The Bambino range is not only TÜV approved and GS (tested safety) certified, but also confirms to the requirements of the GUV.

2 EDUCATIONAL AND CHILD-FRIENDLY CONCEPTS

Based on our large colour range and special ergonomic and age-appropriate solutions, sanitary facilities with a clear educational concept and a feeling of well-being evolve. The colours create a friendly effect and help the children to orientate themselves.

3 ROOM SOLUTIONS WITH THE HIGHEST QUALITY

Perfectly aligned, tailor-made individual products such as partitions, vanities, baby changing stations, shelves, mirrors, potty benches and special furniture guarantee a harmonic overall impression with long durability.

4 EXPERT ADVISE AND ON-SITE SERVICE

Local Sales representatives and qualified assembly teams guarantee quick response time – starting with the initial conversation to a 3D floor plan all the way to fitting by our fully trained premium fitters.

BAMBINO KLASSIK

Classic

Low-priced

Short
delivery time

Classic cubicles are available in 15 different colours. Low-priced and with short delivery time. Made of either 13 mm HPL or 30 mm wooden material.

BAMBINO EXKLUSIV

Exclusive

Educational

High-class

Individual digital prints combined with special door handles evolve into different theme worlds. Made of 13 mm HPL.

B-Bambino Exklusiv | Safari
Made of 13 mm HPL

Theme world "Safari" for little monkeys, scientists and explorers.

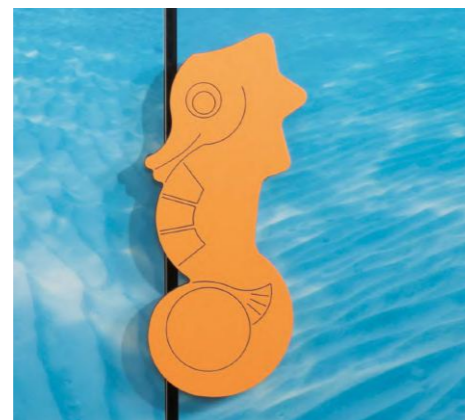

- Safari digital printing on the outside panels and doors – one-sided printing. Interior sides and partition panels are white; all panels with black edges
- Doors provided with safety finger protection made of black soft lipping profile on the door stop side as well as an aluminium finger protection tube throughout the hinge side; doors only outwards opening
- Safari door handles: lion, monkey, elephant and hippo
- Supporting legs, hinges and panel holders made of satin anodised aluminium

B-Bambino Exklusiv | Knight's castle
Made of 13 mm HPL

Theme world "Knight's castle" for little warriors, dragon slayers and magicians

- Knight's castle wooden decor on both sides of the doors; front and partition panels in quartz grey 7708; all panels with black edges
- Doors provided with safety finger protection made of black soft lipping profile on the door stop side as well as an aluminium finger protection tube throughout the hinge side; doors only outwards opening
- Knight's castle door handles: flag, horse, helmet and shield
- Supporting legs, hinges and panel holders made from anodised aluminium

B-Bambino Exclusiv | Aquarius
Made of 13 mm HPL

Theme world "Aquarius" for little pirates, mermaids and ships' captains

- Aquarius digital printing on the outside panels and doors – one-sided printing. Internal sides and partition panels are white; all panels with black edges
- Doors provided with safety finger protection made of black soft lipping profile on the door stop side as well as an aluminium finger protection tube throughout the hinge side; doors only outwards opening
- Aquarius door handles: clown fish, blue whale, sea horse and mussel
- Supporting legs, hinges and panel holders made of satin anodised aluminium

B-Bambino Exclusiv | Bianco splodges or numbers
Made of 13 mm HPL

Theme world "Bianco" for little painters, experts and whiz kids

- Front panels, doors and partition panels made of white HPL, with white edges
- Outfitted with Bianco "splodge" or "numbers" door handles, safely rounded
- Doors provided with safety finger protection made of black soft lipping profile on the door stop side as well as an aluminium finger protection tube throughout the hinge side; doors only outwards opening
- Supporting legs, hinges and panel holders made of satin anodised aluminium

B-Bambino | Klassik
Made of 13 mm HPL

- Panels, doors and partitions made of 13 mm HPL with black edges
- Edges rounded for safety with 33 mm radius
- Doors provided with safety finger protection made of black soft lipping profile on the door stop side as well as an aluminium finger protection tube throughout the hinge side; doors only outwards opening
- Special safety ring handles with door stop buffer
- Optionally available with theme world door handles, safely rounded

D-Bambino | Klassik
Made of 30 mm wooden material

- Panels, doors and partitions made of 30 mm wooden material with ABS-lipping
- Edges rounded for safety with 33 mm radius
- Doors provided with safety finger protection made of soft lipping on the door stop side as well as an aluminium finger protection tube throughout the hinge side; doors only outwards opening
- Special safety ring handles with door stop buffer
- Optionally available with theme world door handles, safely rounded

Bambino | Cubicles for grown-ups
For nursery school teachers

- Available in combination with B-Bambino Klassik, D-Bambino Klassik and B-Bambino Exklusiv
- Safety package also included
- Special safety ring handles with additional safety locking lever
- Optionally available with nylon door lever handle and locking

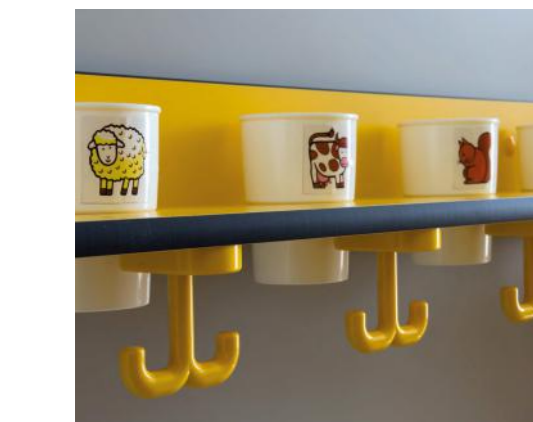

Vanity units Perfect in every detail

- Made of 13 mm HPL and provided with curved aluminium faceplate
- Wash basin made of mineral material integrated flush without joints, mounting panel with integrated float-glass mirrors
- Water resistant, decay resistant, robust and maintenance friendly
- All edges rounded for increased safety
- Free-standing vanity units available in different heights
- Customised solutions available

Baby changing units Simply ingenious

- Made of 13 mm HPL with rounded edges
- Plenty of storage room provided by cupboards outfitted with either drawers or open compartments
- Safe due to surrounding anti-fall guard
- Pull-out stairs available
- Optional wash basin or bath tub made of mineral material
- Customised solutions available

Shelves and special furniture Coordinated in every detail

- Made of 13 mm HPL
- Edges rounded for safety with 10 mm radius
- Toothbrush mug shelves with cut-outs for mugs or with hooks
- Customised special furniture such as shelves, potty benches, safety mirrors and more

Accessories Everything kept in mind

- Coordinated to suit the Bambino range
- Placement considered during the planning process
- Ranging from safety locking lever to toilet paper roll holders, brush-sets and many more
